Product Description

Rhino Ag REB72 Rebel Series 72\" Rotary Tiller

Rhino rotary tillers offer state-of-the-art design and superior features for unparalleled quality and performance in a number of applications.

Rhino's Rebel Series tillers are built tough. Every size in this line is available in both forward and reverse tillage. Each rotor comes equipped with a hardened, "L" shaped blade. With hitches continuously welded to the mainframe, as well as slip-clutch protection on the drive train, repairs and downtime are sure to be rare!
