Product Description

Rhino Ag Twister 20 Series 6' Rotary Cutter

With 60", 72" and 84" cutting widths, no job is too large for the Twister 20 Series single-spindle rotary cutter. CAT 1 and CAT 2 compatibility ensures it will play well with whatever tractor you're driving, while a heavy-duty tailwheel and 2" cutting capacity promise nothing will be left standing in its wake! The Twister 20 Series boasts a high-capacity cutting chamber under a baffled deck with tapered side-skirts. All this to say -- you can cut what you want, when you want with no complaint from your rotary cutter.
